2. Comments:

2.1) Please use the space provided for any comments you wish to make which are pertinent to the educational process. These may include all aspects of the course: teaching, examinations, grading, textbook, etc.

- Best TA ever!!!! clear notes, very beautiful handwriting, very clear, efficient!
- Best TA ive had in math courses by far
- Best.
- Good sense of humor, interesting examples, really helpful in supporting the lecture material.
- He is a good TA. His explanation is great. However he doesn't have much free time for office hours so I couldn't really take advantage of it to study well the material.
