- Adam is an excellent TA. He's really helpful, knowledgable, and he explains the materials well. His office hours are always packed because they're really helpful.

- Adam is very very good at breaking down difficult topics and making them easier to understand, and will go as slow as I need to fully understand the concepts.

- Adam was awesome! After scoring low on first midterm, he sat down with me and gave me different approaches and ways to improve and I scored above the mean on the second midterm.

- Adam was very helpful and made topics much simpler and easier to understand. It's very clear he cares about the learning experience and wants his students to succeed.

- Azzam is really nice and helps me a lot in this course. Appreciate it!

- I felt like your office hours/section really helped me succeed in the class (primarily with your help for the homework . . . ). You explained the material well. Thanks for a great quarter!

- One of my favorite TAs at UCLA. Very helpful!

- Very helpful T.A.
